

Y12 Art Summer Holiday Homework

HWK 1: Visit two galleries and document

Over the course of the Summer holidays you will need to visit two galleries – it is important that you research them before hand to ensure that there is artwork / photography that is of interest to you. It is absolutely fine to visit the galleries in groups from your class but you must then present your visit independently and **creatively! (to be discussed in class)**

HWK 2:

- Create a moodboard with 8+ artists, that show a range of different approaches to portraiture. Ensure that this is busy and annotated – describing styles, choice of media and techniques. Or any ideas that you have.
- Choose 2 of these artists and respond to them with your own Artist copies. Present these as part of a research page about the artists

You will present both tasks to the group first lesson back
